THE HEADMASTER

Here is our second annual yearbook for the "new" St. Paul's. There have been sixty of us this year - fifty-two students and eight staff. From kindergartners to fifth graders, you students have worked and played happily and well. As a result we can start our summer vacations as better students and persons, having learned much about many things and having enjoyed the companionship of friends, old and new. The staff will enjoy their vacation, too, feeling the satisfaction of having shared their enthusiasm for learning with their students and with one another.

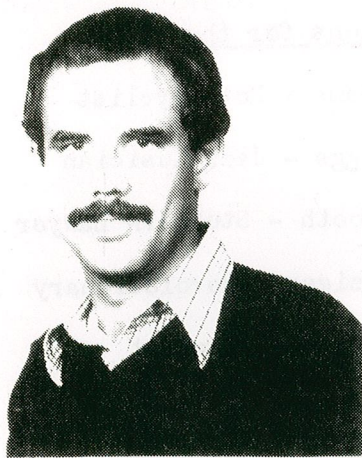

To those of our students who are leaving us we wish godspeed and the best of everything in their new homes and schools. We shall miss them, but they will be in our prayers.

THANKSGIVING THEME

I am thankful I was born in this century because of Jack in the Box and MacDonalds and girls that go to operas and water that comes out of faucets. I am also thankful for doctors and veterinarians and pets that love us.

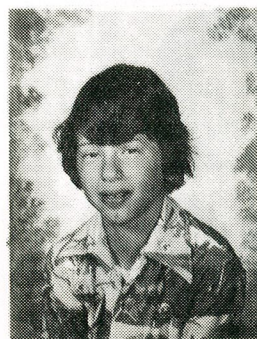

I am thankful I was born in this century because of medicines and electricity, appliances and good teachers and better schools. I am also thankful for at least a few good Presidents.

I am thankful I was born in this century because of churches to pray in, people to love and like, St. Paul's Church and School. I am thankful for relatives and grandparents and parents to help us. I am most of all thankful for God who helps us, heals us, and provides for us.

THIS CENTURY

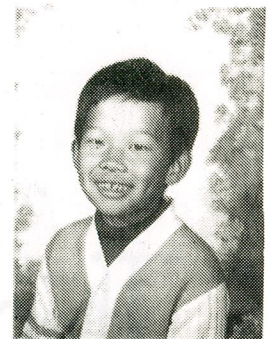

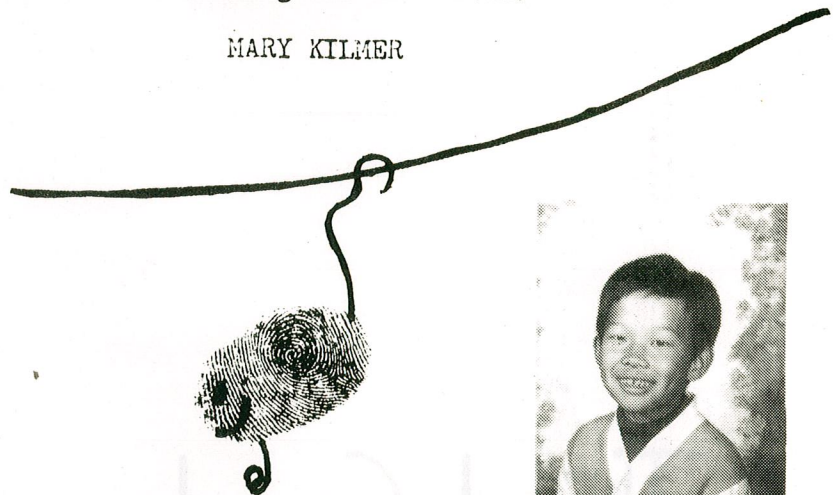

I am thankful I was born in this century because of antibiotics, vaccinations, movies, electric lights, running water, central heating, lawn mowers, cars, gas furnaces, and last but very definately not least. . . .
T E L E V I S I O N.

I am not thankful I was born in this century because of diseases, pollution, robbery, murder, land waste, and animal killing for no reason.

I would drive it.

That was only a wish.

On the freeway a car beeps meep-meep-

When my mom mommy reads, the pages go
woose-woose.

When I ride in the van I hear rum-
